aluminium composite panel

PERMANENT

A high quality Aluminium Composite Panel designed specifically for the road traffic sign market.

Excellent qualities for sign production

Easy to install

Uniform flat surface

Lightweight yet rigid

Highly resistant to weather

12 year guarantee

MADE IN BRITAIN

Designed to meet the rigorous demands of highway and street signage, Alupanel Traffic Permanent features a robust 0.30mm skin for maximum structural stability.

Applications:

- Sign making
- Wayfinding

Designed to meet the rigorous demands of highway infrastructure, Alupanel Traffic Permanent is the trusted substrate for permanent road and street signage across the UK.
Manufactured with a robust 0.30mm skin, it delivers the structural rigidity and perfectly flat, high-bond surface that retro reflective sheeting demands for long-term adhesion and legibility.
Whether you are supplying a motorway gantry or a residential street network, Alupanel Traffic Permanent provides the compliance, durability, and reliability that highway authorities and sign contractors require — built in Britain, built to last.
Alupanel Traffic Permanent comes with a 12-year warranty.
