Sign & Display Solutions

ALUPANELTRAFFIC

aluminium composite panel

TEMPORARY

A high quality Aluminium Composite Panel designed specifically for the road traffic sign market.

Excellent qualities for temporary sign production

- Easy to install
- Uniform flat surface
- Lightweight yet rigid
- Highly resistant to weather
- 5 year guarantee

MADE IN BRITAIN

Alupanel Traffic Temporary is an Aluminium Composite Panel developed by Multipanel UK Ltd specifically to satisfy the stringent quality demands for products used in the production of temporary road traffic signs.

The aluminium skin on the reverse face is protected with a polyester paint coating whilst the front face is an un-coated milled aluminium surface that provides excellent qualities for sign production. Alupanel Traffic is also available with a PE paint coating on both sides.

Providing that Alupanel Traffic Temporary is used to produce signs in accordance with the appropriate specifications it has the benefit of a 5 year guarantee.

Applications:

- Sign making
- Wayfinding
