ALUPANEL®

aluminium composite panel

Available in a wide range of colours and finishes,
Alupanel is a dual-sided sheet with the ability
to be fabricated, folded and formed.

**Fabricate,
fold and
form**

**0.30mm
Fabrication
Grade**

✓ **ENHANCED CORROSION
RESISTANCE**

✓ **IMPROVED CUTTING
CAPABILITIES**

✓ **SUPERIOR ROUTING
PERFORMANCE**

Clean,
easy-peel film

Versatile and
easily formable

Lightweight
yet rigid

Uniform,
flat surface

UV Resistant
for outdoor use

5 year
guarantee*

* PE paint finishes and Brushed Aluminium have a 5-year warranty for external as well as internal use.
All other brushed colours and mirror finishes are guaranteed for interior use only.

 **MADE IN BRITAIN**

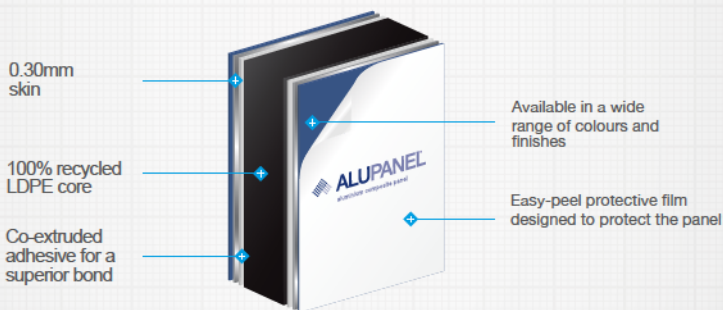

The industry benchmark for versatility, Alupanel is engineered specifically for complex fabrication. Whether you are folding, forming, or routing, it provides the structural integrity needed for 3D signage, corporate ID and industrial applications.

When your project demands precision, permanence, and uncompromising quality, there is only one choice. Alupanel is the UK's leading aluminium composite panel — engineered with twin 0.30mm surfaces and a 100% recycled polyethylene core to deliver the flatness, strength, and surface quality that professional fabricators and sign-makers depend on.

From complex routed 3D signage and folded corporate ID structures to exterior displays and large-format print, Alupanel is the benchmark against which every other panel is measured. Manufactured in Britain to the highest standards, it is available in the widest range of colours, finishes, and formats in the market. When the work has to be right, Alupanel gets it done.

Applications:

- Printing direct
- Sign making
- Wayfinding
- POS displays
- Shop-fitting
- Outdoor advertising
- Exhibition design
